Monday 20<sup>th</sup> October

Dear Parents/Carers

You may have already heard from the children that we have been doing lots of work on our topic 'Super Sheffield'.

In order to give the children the opportunity to discover the history of Sheffield we have arranged an exciting visit to Magna Science Museum. Once at the museum the children will explore the museum, looking at the big melt and also take part in an exciting workshop called 'living steel' run by the museum's education team.

Using storytelling, object handling and exploration, children will learn about Sheffield's industrial history and why it became known as the 'steel city'. They will explore how the Templeborough steelworks has changed over the years, find out about forging, casting and the vital role steel plays in today's world.

We would welcome adults to supervise small groups of children on the visit. If you would like to join us, please contact your child's class teacher on dojo. There are limited spaces on the coach for helpers so we will let you know if you will be needed.

The visit for all year 1 children will be on Thursday 20<sup>th</sup> November 2025. We will leave school at 9am and return before the end of the school day. All children will need to bring a drink and a packed lunch in a suitable bag. Grab bags will be available to order via the Peak Edge App. They will need a waterproof coat and sensible footwear.

In order for the trip to go ahead, please give your consent and pay £19.11 via the Peak Edge App then selecting the 'Payments' option before Wednesday 12<sup>th</sup> November which will cover the cost of the visit. Unfortunately, if we do not have enough parental contributions, the trip will not be able to take place.

Yours sincerely

Miss Dewsnap and Miss Calderbank  
Y1 Class teachers
