Dear Parents and Carers

As you will have read in the information leaflet, your child will be completing the Statutory Government Multiplication Tables Check in June. In order to give our children the best chance of success, we have prepared a schedule to support them through this process. The children already learn their times tables and are given termly tests which inform us of their progress. As this is a national test we would like to work in partnership with parents and carers to ensure the children are as test ready as possible. The Summer 1 Maths homework has been designed to prepare and support all children in a number of ways.

1. Complete a **minimum** of 30 minutes on TTRockstars each week. This is best done in short sessions eg 10 minutes, three times per week.
3. A weekly tables worksheet which your child can stick in their homework book.

In addition there will continue to be a Monday lunchtime club in the ICT suite which will allow children access to TTRockstars. This club will be open to all Y4 children on an ad hoc basis.

If you would like more information about the multiplication check, you can access it through the government website :

[Multiplication tables check: information for parents - GOV.UK](https://www.gov.uk/multiplication-tables-check)

Best wishes

The Year 4 team
