Dear Parents and Carers,

As part of our Science topic on classification and habitats, Year 4 will be going on a short local walk on Friday 15th May from 9:30am to 11:30am.

During the walk we will visit the river and the park near school, where the children will be looking for and identifying different types of birds and their habitats. This will help support their learning about how animals are grouped and the environments in which they live.

If you do not wish your child to take part, please let us know as soon as possible.

We would also appreciate a few parent volunteers to help us supervise the walk. If you are available to help, please let Miss Holt or Mrs Needham know via Class Dojo.

Thank you for your continued support.

Kind regards,
Mrs Needham and Miss Holt
